Hayti R-II School District has received our Annual Performance Report (APR) and we would like to share with our staff, parents, and community members how much we have grown over the past year! From our 2022 APR to our 2023 APR, we improved 10.4%! Without the support of all of our stakeholders our improvement would not have been possible. We welcome and look forward to continuing this work to make Hayti R-II School District the highest performing school district in Missouri. Together we will accomplish our goal.
